Jonathan Rodgers

Mississippi, United States
Email: Jonathanrodger34w@gmail.com

Summary

I am a dedicated and research-driven biologist with strong experience in laboratory analysis, ecological fieldwork, and data interpretation. Skilled in microbiology, environmental sampling, and biological research methods. Passionate about advancing scientific knowledge and contributing to conservation and public health initiatives within Mississippi.

Education

Master of Science (M.S.) in Biological Sciences
Jackson State University – Jackson, MS
2020 – 2022

- Focus: Environmental Microbiology
- Thesis: *Microbial Diversity in Freshwater Ecosystems of the Pearl River Basin*
- GPA: 3.8/4.0

Bachelor of Science (B.S.) in Biology
University of Mississippi – Oxford, MS
2016 – 2020

- Minor: Chemistry
- Dean's List (2017–2019)

Experience

Research Biologist
Mississippi State University – Starkville, MS
2022 – Present

- Conduct laboratory research on soil and water microbial populations.
- Design and implement controlled biological experiments.
- Analyze experimental data using statistical software (R, SPSS).
- Publish findings in peer-reviewed journals.

Environmental Field Technician
Mississippi Department of Environmental Quality – Jackson, MS
2020 – 2022

- Collected and analyzed environmental samples from rivers and wetlands.

- Assisted in environmental impact assessments across Mississippi.
- Prepared technical reports for regulatory compliance.

Laboratory Assistant (Undergraduate Research)
University of Southern Mississippi – Hattiesburg, MS
2018 – 2020

- Assisted faculty in molecular biology research projects.
- Performed PCR, gel electrophoresis, and bacterial culturing.
- Maintained lab inventory and ensured safety compliance.

Skills

- Microbial culturing & identification
- PCR & gel electrophoresis
- Environmental sampling techniques
- Data analysis (R, Excel, SPSS)
- Scientific writing & grant preparation
- GIS mapping (ArcGIS basics)

Certifications

- OSHA Laboratory Safety Certification
- Certified Environmental Professional (CEP) – Mississippi Chapter

Publications & Presentations

- Rodgers, J. (2022). *Assessment of Microbial Communities in Mississippi Freshwater Systems.*
- Presenter, Mississippi Academy of Sciences Annual Meeting (2021, 2022)
